3. JULY 2008 TEEN COURT STATS.

A MOTION WAS MADE BY SUPERVISOR DE WANE AND SECONDED BY SUPERVISOR CLANCY TO RECEIVE AND PLACE ON FILE. Vote taken. MOTION CARRIED UNANIMOUSLY.

DISTRICT ATTORNEY

4. COMMUNICATION FROM SUPERVISOR STEVE FEWELL RE: REVIEW OF THE NEW POSITION OF PROSECUTOR IN THE DISTRICT ATTORNEY OFFICE AND EVALUATE THIS COMPARED TO THE PREVIOUS YEARS

PRIOR TO THE POSITION. ALSO DRAFT A RESOLUTION ASKING THE
STATE OF WISCONSIN TO PICK UP THE COST OF THIS POSITION.
(REFERRED FROM AUGUST COUNTY BOARD.)

A handout was provided (attached) re: the latest list of files issued since April 1, 2008. District Attorney, John Zakowski, stated there are 107 cases that had been issued into court and anticipated that, if it continues at the same rate, there will be over 200 cases by the end of the year which is above the total that was told to the County Board last October. He believes this bears out how much of a drug problem there is, how many drug complaints they have, and how busy the new prosecutor, Beau Liegeois, has been. Not only had Mr. Liegeois been issuing these complaints, he is in court morning and afternoon which opens up time for the other prosecutors to spend more time working on all the conspiracy and delivery cases. Responding to the second half of Supervisor Fewell's request to draft a resolution asking the state of Wisconsin to pick up the cost of this position, Zakowski stated they have now submitted their state budget. The legislative Audit Bureau did a time study that stated Brown County was in need of seven prosecutors so the District Attorney's office requested seven prosecutors. He stated, if they received any positions from the state, then one of those positions would absorb Mr. Liegeois's position. The state would, therefore, be picking up Mr. Liegeois's salary. Zakowski stated he felt they made a very good argument and had sent a great deal of information to the state justifying seven positions.

**A MOTION WAS MADE BY SUPERVISOR DE WANE AND SECONDED BY
SUPERVISOR WILLIAMS TO RECEIVE AND PLACE ON FILE. Vote taken.
MOTION CARRIED UNANIMOUSLY.**

5. BUDGET STATUS FINANCIAL REPORT FOR JULY 31, 2008.

Administrative Supervisor, Susan Tilot, provided a handout (attached) re: Expenditure and Revenue and went over it with the committee.

**A MOTION WAS MADE BY SUPERVISOR DE WANE AND SECONDED BY
SUPERVISOR ANDREWS TO RECEIVE AND PLACE ON FILE. Vote taken.
MOTION CARRIED UNANIMOUSLY.**

SUPERVISOR ANDREWS TO RECEIVE AND PLACE ON FILE. Vote taken.
MOTION CARRIED UNANIMOUSLY.**

7. DIRECTOR'S REPORT:

Jim Nickel, Public Safety Communications Director, provided a handout (attached) re: Director's Report, September 3, 2008. He highlighted items and answered questions from the committee.

Aside from the handout, Nickel stated he found out today that The Insurance Services Office, Inc. (ISO) that collects information on the building codes visited earlier this year and were doing an ISO review for Bellevue and Howard. The organization analyzes the data using its Building Code Effectiveness Grading Schedule. Insurers, in turn, use these grades to set to help set the insurance premiums. Brown County maxed out the number of points for communications that can be given, Nickel stated that is really good news for Brown County.

A MOTION WAS MADE BY SUPERVISOR DE WANE AND SECONDED BY SUPERVISOR ANDREWS TO RECEIVE AND PLACE ON FILE. Vote taken. MOTION CARRIED UNANIMOUSLY.

#7A REVIEW THE ADDITION OF 911 DISPATCH CENTER (REQUESTED BY SUPERVISOR BILL CLANCY):

Supervisor Clancy stated that when this committee was originally informed that the construction would take place in the earlier stages, they were under the impression that it would all be done early fall and it wouldn't be held up or needing extra funds to complete it. He stated he still believes this issue should be pushed and felt he didn't get a very good answer at the County Board meeting from Facility Management Director, Bill Dowell. Clancy anticipated Dowell's attendance at this meeting to have questions answered. He feels it doesn't make sense to pay \$80,000 extra for what should have been completed this fall. The committee was under the impression there would be two months that the prisoners would be out of the Sheriff's jail and now it's four months. He questioned, if they put on a double shift could they save the money to get it enclosed faster.

Supervisor Nicholson stated he had requested Mr. Dowell's presence to answer some questions and he did not receive a rebuttal that he was unable to attend the meeting.

County Executive Hinz stated there was a comment by one of the architects in regards to the timeline for construction, the relocation of inmates and placing beams in the lower pods in which you would have to relocate the workers out of the pod during that construction phase. He stated he had spoken with Dowell and Dowell stated he had spoken with CMAR about the potential for a fine if the deadline isn't met because that information wasn't in the bid contract. Hinz spoke to the Sheriff declaring it be an emergency so that during the construction phase they don't take probation holds into the jail as another option, which was done back in 2000. He stated construction workers would like to start working next week, and Hinz would like to attempt the groundbreaking ceremony Monday, September 22, 2008 at 4:30 p.m.

Supervisor Krueger stated there was a committee study done and they had made a recommendation about the project manager. Krueger stated he was never in favor of a project manager and believes it should all be done in house. Aside from that, a recommendation was made and because of the fact there was a small amount of money difference, they went with the present manager over the recommended manager. The recommended manager was recommended for a lot of reasons such as connections and their availability to get materials and

things on a scheduled basis which all involves time. The previous recommended project manager is the largest user of precast concrete in the State of Wisconsin and has the inside track. Krueger believes they should learn from these mistakes and are running into it now stating the other company was better suited to do the job.

A MOTION WAS MADE BY SUPERVISOR DE WANE AND SECONDED BY SUPERVISOR ANDREWS TO RECEIVE AND PLACE ON FILE. Vote taken. MOTION CARRIED UNANIMOUSLY.

#7B REVIEW AND RECONSIDER FOX COMM CONTRACT (ENTER INTO CLOSED SESSION AT END OF MEETING):

Closed session taken here, although shown in proper format.

A MOTION WAS MADE BY SUPERVISOR CLANCY AND SECONDED BY SUPERVISOR ANDREWS TO ENTER INTO CLOSED SESSION. ROLL CALL: NICHOLSON, DE WANE, ANDREWS, CLANCY, WILLIAMS. MOTION CARRIED UNANIMOUSLY.

Recording Secretary excused at 5:07 p.m.

A MOTION WAS MADE BY SUPERVISOR CLANCY AND SECONDED BY SUPERVISOR DE WANE TO RETURN TO REGULAR ORDER OF BUSINESS. ROLL CALL: NICHOLSON, DE WANE, ANDREWS, CLANCY, WILLIAMS. MOTION CARRIED UNANIMOUSLY.

Chairman Nicholson would like it noted for the record that Thomas Pynaker, Management Information Services Director for Outagamie County, be recognized.

A MOTION WAS MADE BY SUPERVISOR WILLIAMS AND SECONDED BY SUPERVISOR ANDREWS TO NOTIFY FOX COMM BY THE END OF 2008 THAT BROWN COUNTY WILL WITHDRAW FROM THE AGREEMENT EFFECTIVE 2009. Vote taken. MOTION CARRIED UNANIMOUSLY. THOMAS PINAKER

8. COMMUNICATION FROM SUPERVISOR STEVE FEWELL RE: REVIEW AND MAKE UPDATE THE BROWN COUNTY CODE 30.07 RELATING TO CHARGES FOR SHERIFF'S DEPARTMENT PATROL DIVISION. (REFERRED FROM AUGUST COUNTY BOARD.)

Sheriff Kocken stated he believed what is in the ordinance is 55 for a patrol officer and 60 for a sergeant which is really close to what it actually is and recommends leaving it alone. In regards to the second half of Supervisor Fewell's request to bill the Village of Hobart for all of the open shifts that the Sheriff's Department has to fill, Kocken stated it turns out that not only is Hobart out there, the Oneida Police Department is out there 24 hours a day. If the Brown County Sheriff's Department had an issue they couldn't handle and

Hobart Patrol Officers weren't on duty, Oneida would be the option so he does not see where it makes sense for the Sheriff's Department to bill Hobart for something the Oneida Police Department does. Kocken's recommendation is to table billing Hobart at this time and see how things progress.

A MOTION WAS MADE BY SUPERVISOR CLANCY AND SECONDED BY SUPERVISOR DE WANE TO RECEIVE AND PLACE ON FILE. Vote taken. MOTION CARRIED UNANIMOUSLY.

9. KEY FACTOR REPORT 2008 AND JAIL AVERAGE DAILY POPULATION BY MONTH 2008 FOR SEPTEMBER 2008 MEETING:

A MOTION WAS MADE BY SUPERVISOR DE WANE AND SECONDED BY SUPERVISOR ANDREWS TO RECEIVE AND PLACE ON FILE. Vote taken. MOTION CARRIED UNANIMOUSLY.

10. BUDGET STATUS FINANCIAL REPORT FOR JULY 31, 2008:

Kocken referred to the Budget Status Report in the packet and added that when the construction starts and they have to close a pod in the jail, it will displace about 40 inmates which may lead to shipping inmates. Their plan is to continue taking a harder look at other options, and will continue to inform the committee as it gets closer to construction time. Looking into the old Mental Health Center as a possibility to house inmates, but found it would be cheaper to ship inmates than to renovate the building and provide correction officers at that location.

A MOTION WAS MADE BY SUPERVISOR DE WANE AND SECONDED BY SUPERVISOR CLANCY TO RECEIVE AND PLACE ON FILE. Vote taken. MOTION CARRIED UNANIMOUSLY.

11. SHERIFF'S REPORT:

Kocken reported that they are in the process of applying for a \$50,000 grant for the bomb squad and stated there is no local match on it. The grant would be used to make the robot that they have already a wireless. The robot is able to get into people's houses and is used to communicate with the suspect or subject through the robot.

Supervisor Clancy questioned whether they got rid of the parking spaces that the County was paying the City of Green Bay for downtown. Kocken responded they had cut back three spots on Doty St.

Supervisor Nicholson stated Supervisor Fleck contacted him in regards to a noise complaint in his district and questioned if there was a direct line for supervisors to contact to avoid the automated machine, Kocken responded 448-4210 would reach a telecommunicator and they could have the on shift supervisor call the appropriate County Board Supervisor back.

A MOTION WAS MADE BY SUPERVISOR DE WANE AND SECONDED BY SUPERVISOR CLANCY TO RECEIVE AND PLACE ON FILE. Vote taken.

**Director's Report
September 3, 2008**

1. 800 MHz Rebanding

After two and a half years, we have received the formal Frequency Rebanding Agreement (FRA) approved by both Sprint/Nextel and the FCC's Transition Administrator. It's finally done!

The next step will be the project kickoff meeting with the 23 affected agencies to be scheduled soon. This will swap two frequencies to avoid interference in 1200 units. All activities are fully funded by Sprint/Nextel.

2. New Communications Center Project

Thanks to the action by the County Board in August, the project is now underway. Selmer is finalizing their contracts with County Purchasing and some construction activities will begin next week, with occupancy planned in Summer of 2009. We expect a formal project kickoff with sub-contractors to occur within the next few weeks. A formal ground breaking ceremony will also be scheduled.

3. CIB Audit

The Crime Information Bureau (CIB) is scheduled to complete their bi-annual audit of our TIME system for FBI NCIC compliance on September 23. They review operations and the certifications and training profiles of each employee using the TIME system.

4. Public Law 110-283

On July 23, President Bush signed the "New and Emerging Technologies 911 Improvement Act of 2008" into law. This requires the Voice-over-IP providers to provide enhanced 911 services to PSAP's, allow fees to be established and provides limited liability protection for the carriers equal to existing wireless and wireline carriers. Regulations from the FCC are due 90 days from signing.

Voice-over-IP (VoIP) carriers often misdirect calls to the wrong PSAP or not deliver the call to anyone, delaying emergency response. The public just does not understand the issues involved with their carrier delivering the call correctly and often are upset at the local 911 center, who may never have received the call. We hope this law also will help with funding the Next Generation-911 system being designed now.

5. Fire Paging

After review of the fire paging channel traffic, we need more "air time" to accommodate MABAS unit dispatching on the County Fire channel. Today the paging tone is followed by the voice message and this sequence is sent twice. The proposal will have the paging tone sent twice, followed by a single voice message, saving valuable air time. We will propose this change to the Fire Chief's at their next meeting.

6. Foxcomm

The Foxcomm Fiscal Advisory Board has requested \$801,092 for capital projects in addition to the \$366,238 operating budget for 2009. Brown County's share is \$310,503 for capital projects and \$141,954 for operations, for a total of \$452,457. Total Brown County's Foxcomm costs were \$152,605 in 2007 and \$165,989 in 2008.

7. Farm Technology Days

The team handled 32 law, fire and EMS incidents over the day and a half event. Everyone associated with the event stated that communications went well.

8. National APCO

I attended the National Associated Public Safety Communications Officials (APCO) Conference in Kansas City in August. Much was learned.

9. Verizon Wireless

In August we were informed that Verizon Wireless will implement Advanced Wireless Systems (AWS) using our 2 GHz microwave link frequencies in both Rockford and Minneapolis. The implementations will occur in late 2008 and into 2009. Calculations show no interference.

The FCC has reallocated these frequencies to the Advanced Wireless Service from a previously licensed Public Safety band. If we interfere with them, we can be required to cease operations immediately. Loss of this system would cause a major operational problem for the Sheriff Department, all County Fire departments and EMS agencies, along with the ability to sound the county tornado sirens. T-Mobile is implementing AWS in Chicago and I understand that Cricket is designing a system for Madison. We are discussing adding the microwave change to the 2009 Capital Plan.

10. Bug Tussel

Some of the cellular frequencies licensed to AT&T Mobility are leased out to Bug Tussel Wireless, who build and operate rural sites. In late 2005 we used the FCC licensing information to officially request FCC Phase Two E911 wireless compliance. AT&T did not notify Bug Tussel. Bug Tussel is now complying with the FCC requirement to provide cellular location.
